

Pre-paid Car Parking

To guarantee on-site parking at the Arena we strongly recommend you purchase your parking ticket in advance. These tickets will be significantly cheaper than those purchased on the day. They also guarantee on site hassle free reserved parking.

Nearly 1,000 on site car parking spaces are available in Car Parks A&B, with additional parking at Car Park C within 1 minute walk from the venue for a further 200 cars.

For all events Car Park A&B will be available to purchase in advance. Car Park C is open for all events but advanced pre-paid tickets for this car park will only go on sale when Car Park A&B have sold out. Car Park D cannot be pre-sold because the surface is grass and dependent upon the weather conditions. See overleaf for more information about the car parks and their entrances.

Pre-paid parking tickets are available online at www.sheffieldarena.co.uk, by phone on 0114 256 5656 or in person at the Arena box office. Once you have purchased your ticket it will be posted to the address of the cardholder. From ten days prior to an event, advance car parking tickets will only be available in person from the venue or online as a print at home option. The print at home tickets will be available until the day of the event.

For Ice Hockey advance tickets for cars will be £5, compared with £7 when purchased on the day. Car parking tickets for all other events will be priced at £7 advanced and £10 on the day. *

Advanced car parking is also available for coaches and mini-buses. The following charges apply: £15 advanced and £20 on the day for coaches, £10 advanced and £15 on the day for mini-buses - subject to availability, advanced booking highly recommended. You cannot book your parking for coaches and mini-buses online, they are only available in person from the Arena box office or call the ticket hotline on 0114 256 5656. *

Parking tickets may be purchased on the day (if parking has not already sold out in advance) either from the box office at Entrance C, from the attendant on duty or ticket machine as you enter the car park.

On the day of the event access to the car park is usually from 3pm unless otherwise stated on your ticket and you can leave at any time. If you need to arrive before 3pm please check in at our Reception at Entrance B and they will direct you to the relevant parking area. However, if an event has more than one performance a day then your parking ticket will state a time that you can access the car park from and a time that you must leave the car park by. This is to ensure that all customers attending the earlier or later performances are able to access the Arena car park. Car park tickets are valid for one admission only. Once you have entered the car park you will not be able to leave and return on the same ticket.

Please ensure you bring your pre-paid parking ticket with you and present on entry to the car park and if you use print at home you must print off the ticket which contains your unique bar code that will be scanned in order to gain access. Failure to do so will lead to delay and require full payment at the day rate to access the car park.

For most events a running order is published on our website several days in advance. We recommend you check this information for the show you are attending and plan your journey to arrive for the doors open time. No two events are the same and this is also true in respect of travel to and from and parking at the venue, please plan your journey using the tools provided in the Plan Your Journey section of our website. We also recommend you follow our facebook and twitter sites where any important information will be announced - #arenatravelupdate.
